Dear Munich Muscle Researchers,

We are delighted to invite you to the 17th Munich Muscle Meeting. This time Dr. Maria Rohm will give the keynote lecture on "Muscle atrophy and tissue wasting in cancer cachexia".

We hope to see you all at the TUM Campus Olympic Park!

Best wishes,
Henning Wackerhage & Martin Schönfelder

All talks should aim for a broad audience (clinicians, fundamental muscle researchers, non-molecular researchers). Thus introduce your topic well and if the talk is technical, ensure plain English take home messages. The keynote should allow 10 min and regular talks 5 min for discussion.
