RESIDENCE PERMIT FOR STUDIES IN DENMARK - NON-EU/EEA STUDENTS

ST1 form for residence permit

Non-EU/EEA students need a residence permit to study in Denmark. If you are a non-EU/EEA student, you will receive information on how to apply for a residence permit (the ST1 procedure) along with your letter of admission from UCPH. You cannot apply for a residence permit until after you have received your letter of admission.

Detailed information on how to enter Denmark is available here:
www.studies.ku.dk/welcome/residence-permit/non-eu-eea

Processing time

The application process for a residence permit usually takes a considerable length of time (2-3 months). You should start the application process immediately upon receipt of your letter of admission and the ST1 information.

Find the relevant embassy or general consulate:
www.um.dk/en/about-us/organisation/find-us-abroad

International Recruitment and Integration (SIRI), Copenhagen: www.nyidanmark.dk/en-US

Application fee

Prior to submitting an application for residence permit, you must create a case order ID online and pay a fee online according to the guidelines from the Danish Agency for International Recruitment and Integration (SIRI): www.nyidanmark.dk/en-us/coming_to_dk/fee/fee.htm

Please make sure that any possible bank fees in connection with the transfer are added to the amount and not deducted from it. If full payment is not received, the residence permit application will not be processed. It is therefore essential for the processing of the application that you ensure that the full amount reaches SIRI. For information on the current fee for "Study Permits", please visit www.nyidanmark.dk/en-us/coming_to_dk/fee_about_fees/overview-of-case-categories-and-fees.htm

The fee will be raised once a year, usually in January. Therefore, we recommend that students from visa free countries pay the fee the same calendar year as they are applying for the ST1 procedure. Otherwise, they risk rejection by SIRI.

The embassy or consulate processing the application may require payment of additional fees. The embassy/general consulate is not responsible for checking the application and the enclosures.

Financial documentation

SIRI requires documentation of your ability to support yourself financially during the length of your stay. You must be prepared to provide documentation, for example from your bank, verifying that you have the equivalent of DKK 5,941 per month during your intended stay.

Biometric Features

All non-EU/EEA citizens over the age of 18 applying for residence permits under the terms of the Aliens Act must have their biometric features recorded.

Further information on residence cards with biometric features:

www.nyidanmark.dk/en-us/coming_to_dk/residence_cards_biometric
