Instructions for course registration

Technical University of Munich
Department of Sport and Health Sciences
October 2020
You can view your **semester plan** using the **Study Status / Curriculum** function in TUMonline. This contains all modules and their courses that are recommended in each semester.
• Clicking on the Study Status / Curriculum will take you to your study tree.
• In the next step, select the desired semester from the **semester plan**.
• Open the desired **semester** and select the relevant module. When registering, make sure to register for all courses in the module.
• Clicking the orange plus symbol (♦️) can open the module and the course nodes (🔺) and examination nodes (🟢) appear.
• Open the plus symbol next to the red triangle or click on the desired event. Now you can register for the course by clicking on 📝.
• In addition, you can change the academic year by clicking on the 📆-symbol.
• If necessary, first select your desired study program.
• In the box marked in red colour you will find the details of the registration period, allocation of places, ranking criteria and number of participants.
• You will then see the individual events available for the module.
• In order to register, you have to tick the desired group(s) and select the curriculum context.
• Optionally, you can also specify a preference for each event.
• Once you have selected all the events you would like to register for, click „Enter place request“ on the bottom of the page.
• You know have one more opportunity to check your registration before it is finally sent.
• You can now view, edit and – if necessary – cancel all of your selected courses from the start page via the „Courses“ tab.
• The courses that you have registered for this semester can be viewed in your Calendar:
A comprehensive overview of all functions of the TUMonline portal and many other tips can be found under the following link:
